

!Nastavenie TOS.RTD

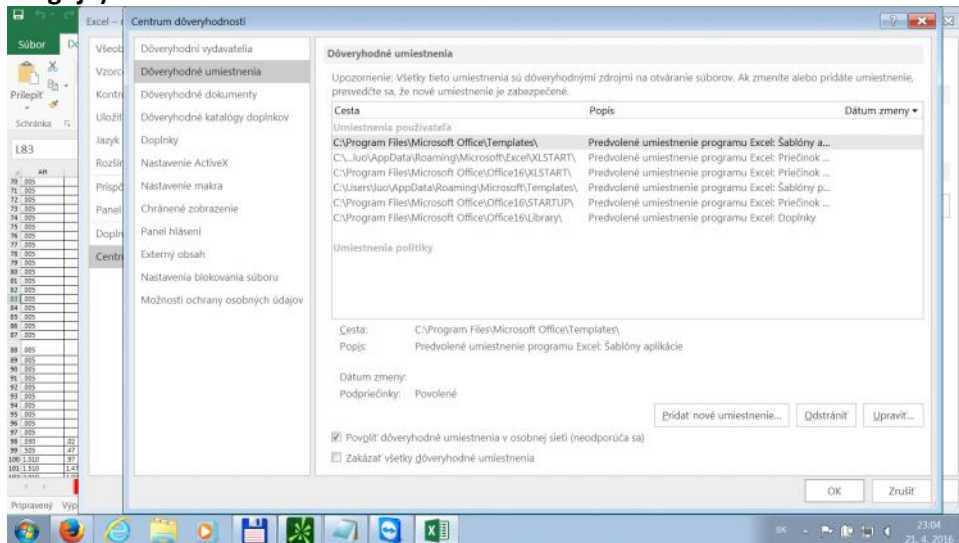

21. apríla 2016 23:07

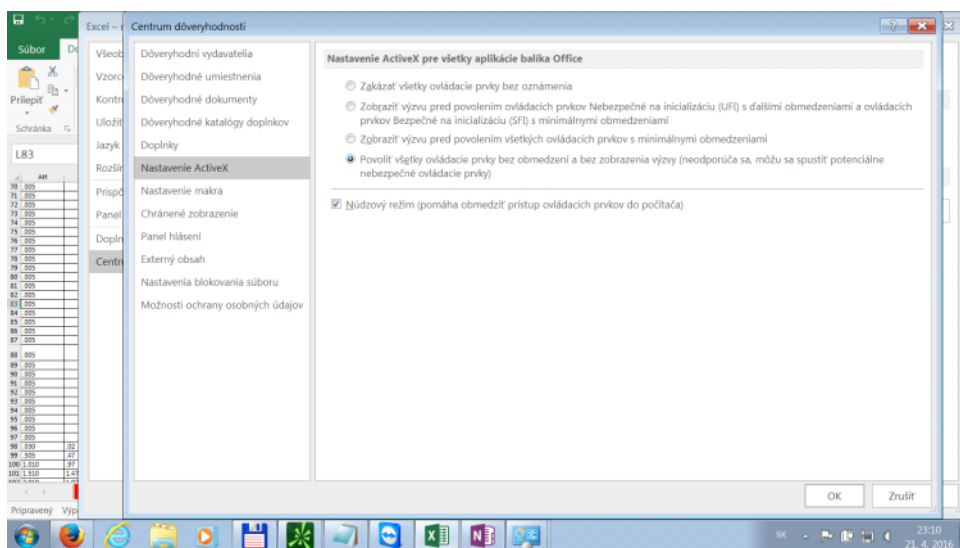

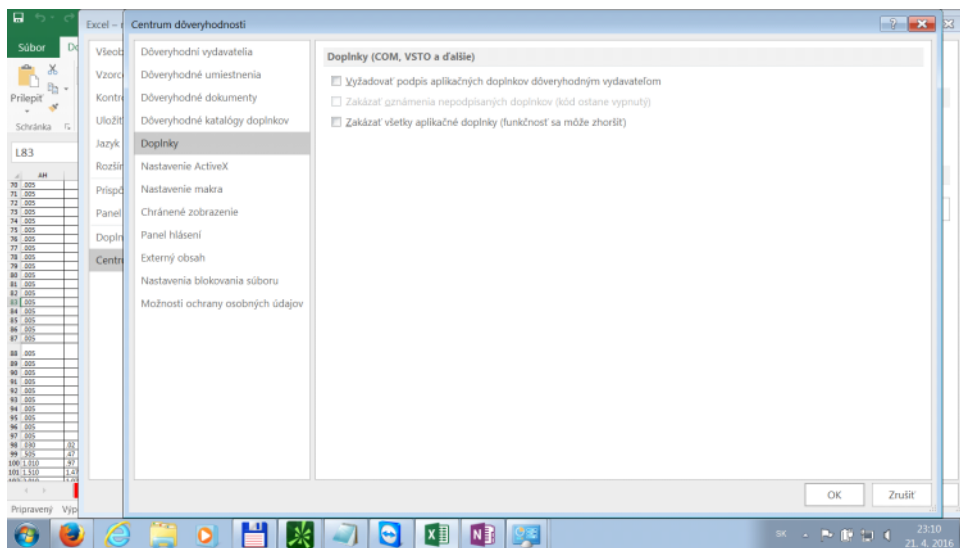

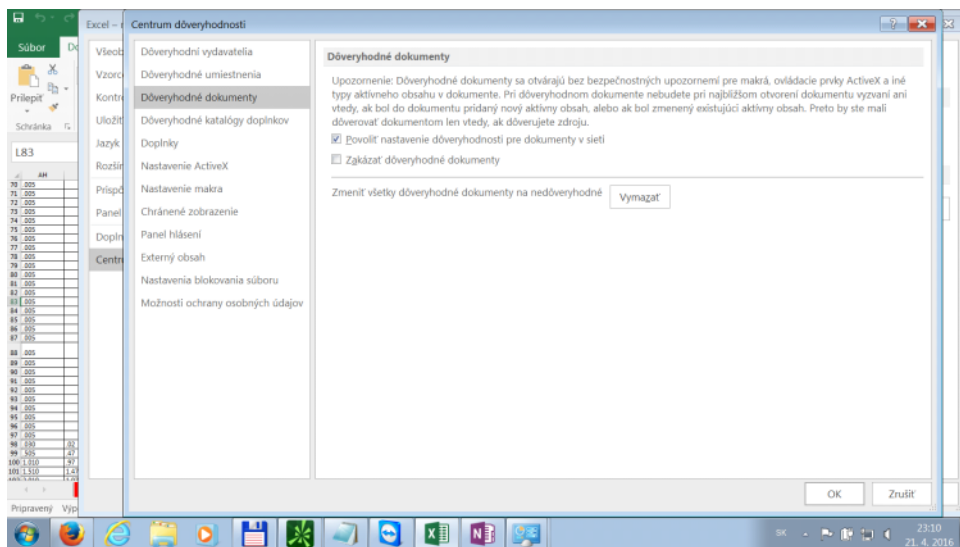

1.V User Account Control Settings treba nastaviť na zmeny na Never notify+ restart pc

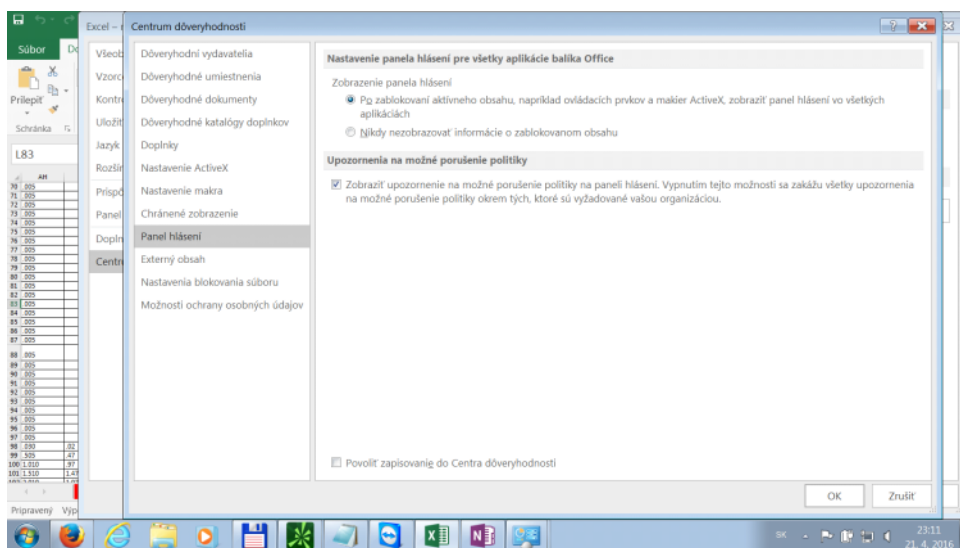

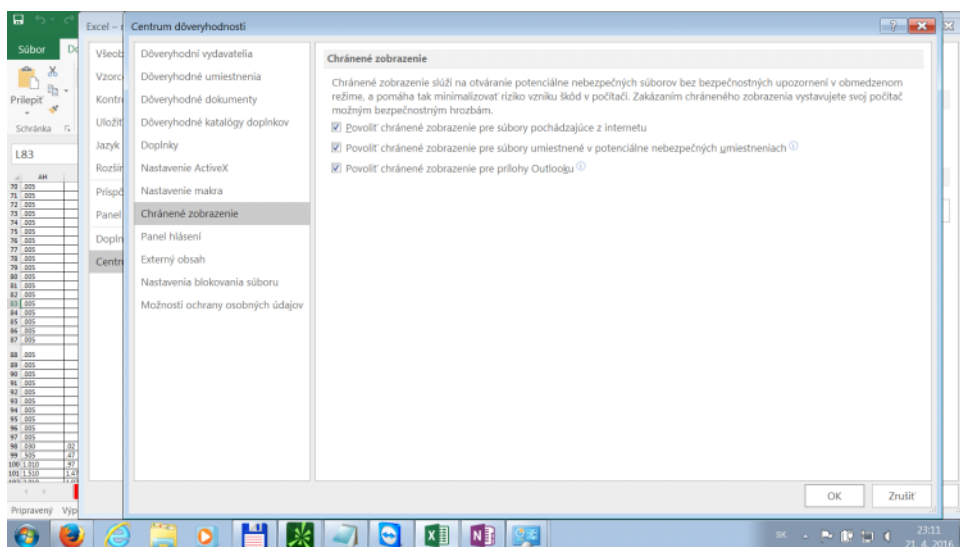

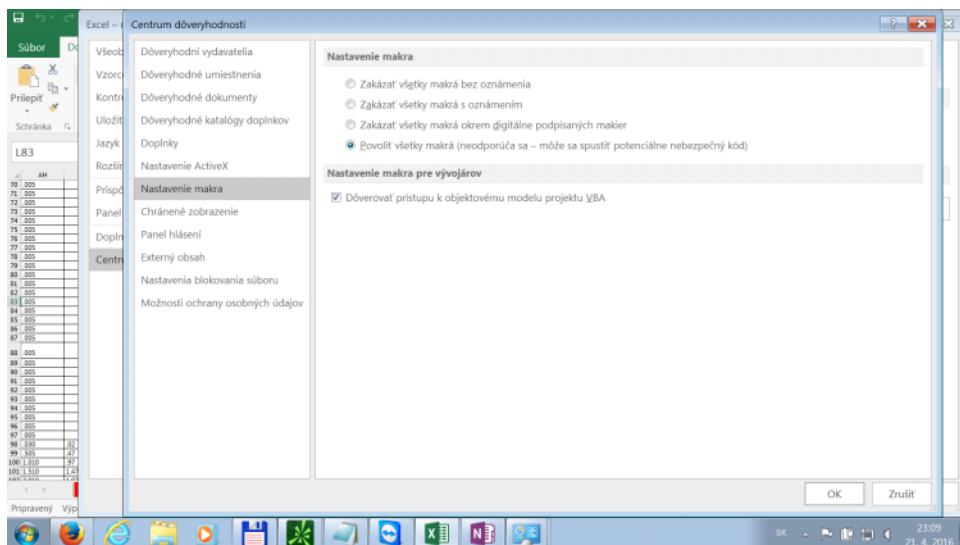

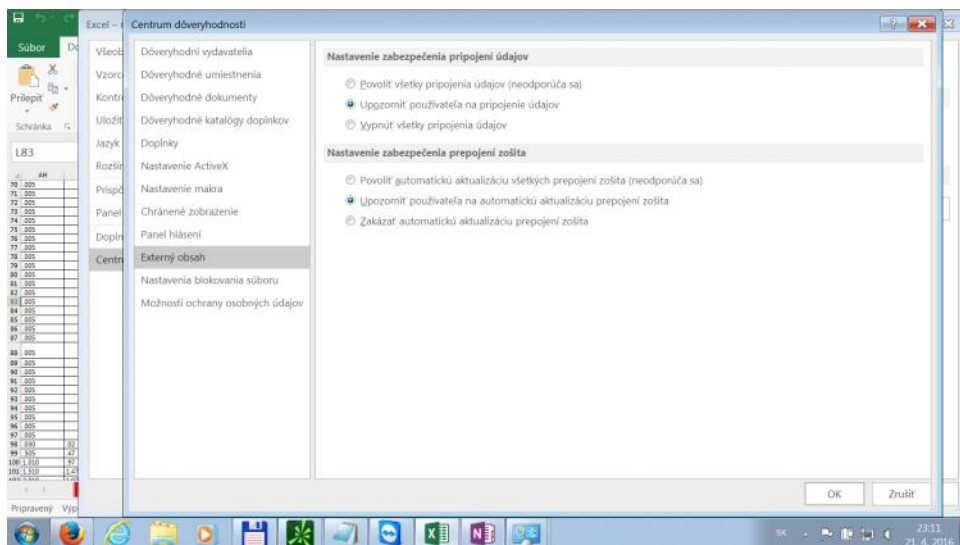

2.Zapnutie TOS

3.Zapnutie a prvotné nastavenie "Trusted" excelu(určite všetky nastavenie netreba, ale takto to funguje)

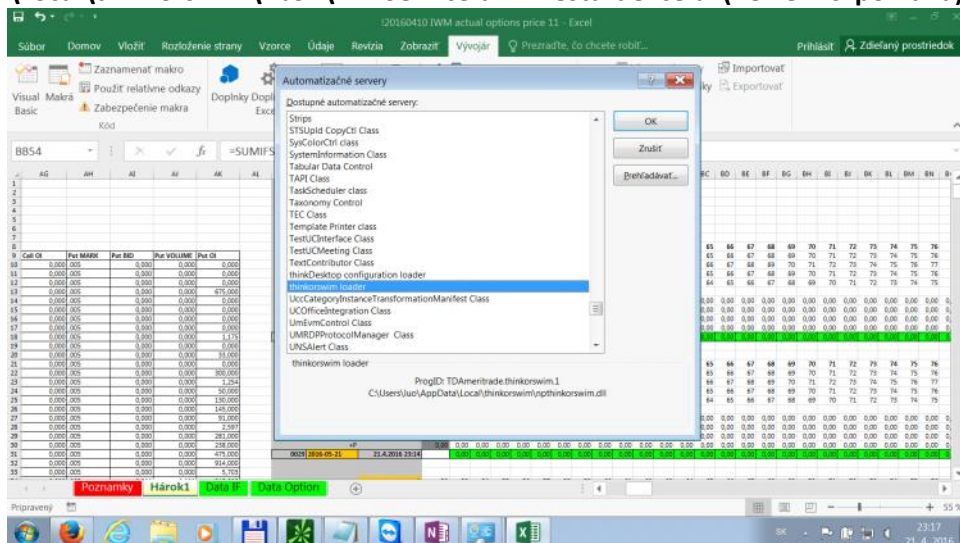

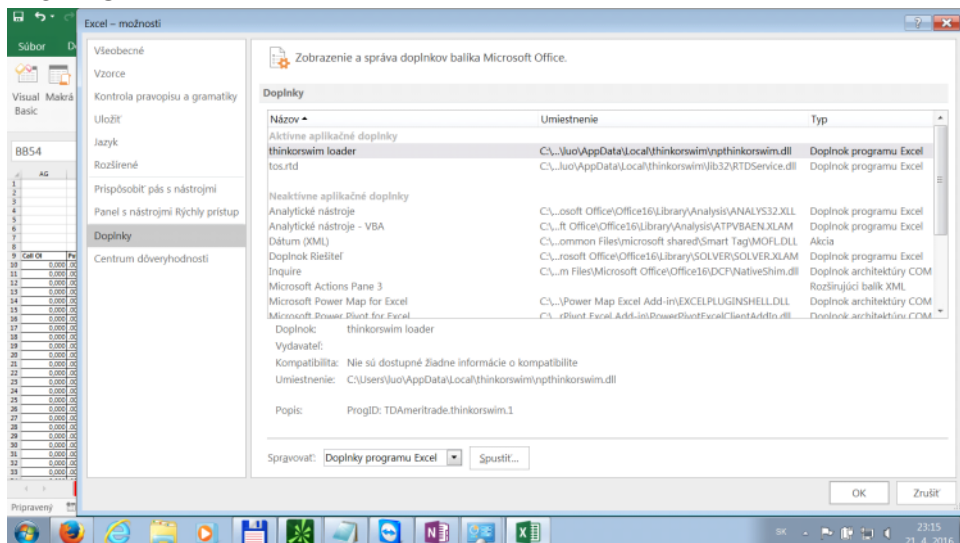

4. Pridanie Doplnku "thinkorswim loadera" cez automatization na adrese "C:\Users\.....\AppData\Local\thinkorswim\lib32\RTDService.dll" + restart excelu (nevím či pomaha)

5. Ak nejde treba z netu stiahnuť makro "UpdateRTDFunction" a spustiť ho

VÝSLEDOK

+ Nastavenie Region and Language(potrebné pre správnú kalkuláciu vzorcov)
